ALUME-T8
ALUME-T8W

ALUME-T8 is a passive two-way professional column with a power of 200W RMS at 4Ohm. Case color black or white.

Easy to use, traditoinally stable, economic, and durable. The ALUME-T8 Passive Speaker is everything you could ask for.

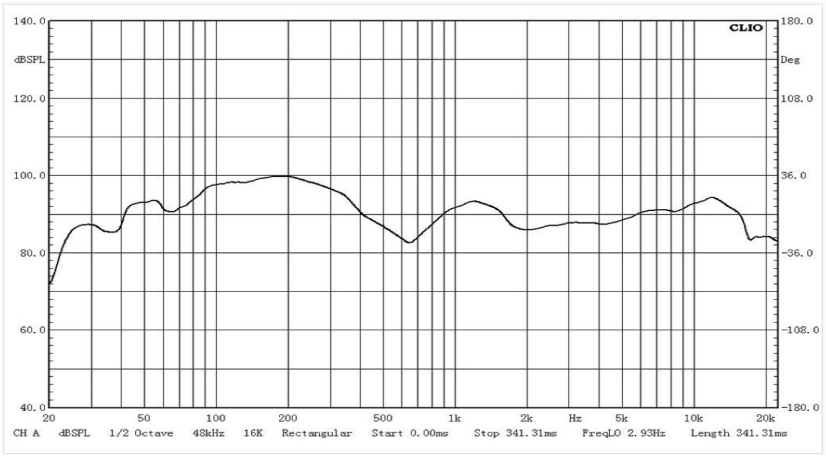
Its compact size allows the entire system to run efficiently and provides a simple yet effective solution for a variety of fixed sound reinforcement installation systems. This is done through its Aluminum-magnesium alloy-based body,implanted with 3"woofer along with 3"and 4"aluminum treble,brings out a stylish and magnificent appearance. Unlike regular speaker designs, ALUME selection of the aluminum treble maximizes its performance on wonderful sound quality and smooth trele.

The ALUME series is perfect for various installations, from smaller indoor locations to medium-sized areas like sections of malls, sports centers, concert halls and more.

Comes with multiple installation combinations through its adjustable hanging accessories, the ALUME series is applicable to any environment.

Included:
Vertical wall mount

Optional:
ALUME-T-WBB, ALUME-T-WBW - wall swivel bracket
ALUME-T-CSFA-150 - adapter for mounting to ALUME-SW12A and ALUME-SW15A subwoofer



Specification:

Type	Passive Column
Rated Power	220W
Nominal impedance	4Ohm
Peak Power	440W
Ways	2
Low frequency driver	8 x 3"
High frequency driver	1 x 4"
Effective frequency range	90Hz - 20KHz
Sound Pressure Level	119dB
Sensitivity	96dB, measured at 1W/m
Coverage angle	120° x 20° (HxV)
Enclosure material	Aluminum-magnesium alloy
Color	Black (ALUME-T8), white (ALUME-T8W)
Connection type	2x SPEAKON, 1x EURO BLOCK
Dimension (W*D*H)	124*148*1072mm
Weight	11.3kg
